

## The Intelligencer.

THURSDAY MORNING, AUGUST 2.

**THE FOREST FESTIVAL.**—Yesterday morning at the appointed hour, a large party had assembled at the depot of the Baltimore & Ohio Railroad, to attend the festival got up under the auspices of the Chapline Street Sunday School. Five passenger cars were filled by the happy party, everything was in readiness at the proper moment, and the train departed amid cheers and waving of handkerchiefs. The excursionists were accompanied by the Mechanics' Brass Band, which furnished the music for the occasion. They were also provided with an abundant supply of ice cream and other delicacies, besides substantial. After arriving on the ground and perfecting arrangements, the assemblage was called to order. Dr. Martin opened the exercises of the day by a fervent prayer. He was followed by an address from the Rev. James Thoburn. His theme was "The Way to be Happy," which, according to the speaker, was in trying to make others happy.

Dr. Martin being called upon, made a short speech on the subject of excusing himself for not making a speech, and concluded by impressing upon the minds of the young persons present, the importance of early piety. Next to the speeches, the great feature of the occasion was the voting away of a very fine album, the contestants being several interesting young ladies. It was awarded to Miss Hattie Martin, of Wheeling.

The whole affair was a great success, and the excursionists all returned in good spirits, well pleased with the day's entertainment.

**HAY OVERBOARD.**—About noon yesterday a wagon load of hay was passing down Market Street, the countryman who was driving the team, apparently wrapped in deep meditation—probably reflecting upon the great decline in the article; perchance of his frugal dame at that hour engaged in preparing the family dinner, which he would not be permitted to enjoy. Whatever the subject, his meditations were so deep that he failed to note the progress of his team, which, arriving at the corner of Market and John Streets, turned short around the corner causing the wagon to overturn, the hay coming down as gently as the morning dew. It was some moments before our rural friend seemed to realize his mishap. We left him with his whip under his arm staring at the wagon with the same abstracted air which had marked his progress down the street.

**SUPREME COURT.**—Yesterday the Supreme Court of Appeals rendered a decision in the case of Auditor Crane, reversing the decision of the lower Court, and allowing Mr. Crane the amount claimed by him as due for services as Auditor of the State.

The Court now has under consideration the case of A. W. Kelley vs. Holloway & Co. These parties were all formerly owners in the Virginia Iron Works, at Benwood. The property was sold under a deed of trust, and A. W. Kelley became the purchaser, Holloway and other partners in the concern, brought suit and succeeded in having the sale set aside. This decision of the Circuit Court is now, on appeal of A. W. Kelley, to be passed upon by the Supreme Court.

**THEATRE.**—This evening is set apart for the benefit of the favorite, Miss M. E. Gordon, on which occasion she will appear in two favorite characters. By her correct rendition of the several characters she has assumed during the Company's stay here, she has stamped herself as an actress of more than ordinary ability, and has won the appreciation of all theatre goers, who will, no doubt, turn out en masse this evening and give her a substantial proof of their esteem. Mr. Hamilton will, by request, recite "Blagen on the Rhine," which, in addition to his plays of Faint Heart never won Fair Lady, and Pride of the Market forms the most attractive bill of the season.

**POLICE COURT.**—Yesterday several members of the 192d New York regiment were arrested for violating the city ordinance prohibiting bathing in the Ohio river within the corporation limits before sundown. They were brought before Judge Good, and pleaded ignorance of the law. Under the circumstances they were dismissed, with a warning for the future. A negro servant attached to the regiment, followed the officers who made the arrest, and endeavored to induce the comrades of the men to rescue them. For this offence he was arrested and committed to jail. He will probably be wiser hereafter.

**REAPPOINTED.**—Mr. Thomas Hornbrook has been reappointed Surveyor of this port for the next four years, dating from the fourth of March. During the war the position was a very important and trying one, requiring great circumspection and watchfulness on the part of the incumbent. Under the supervision of Mr. Hornbrook, the regulations of the Treasury department have been fully carried out, and the duties of his office faithfully discharged. His reappointment is satisfactory evidence that the government has confidence in his ability and integrity.

**WHERE IS HE?**—There is said to be a man in town who wishes to purchase a soldier's discharge papers, and that he pays liberally for them. A great many soldiers have been enquiring around for his office, but as yet have not succeeded in finding it. If the gentleman will advertise his whereabouts he can be accommodated with all the discharges he may want. We are inclined to believe he has left for other parts.

**COMING.**—The Seventh West Virginia cavalry, which has been stationed for some time past in the Kanawha Valley, is expected to arrive here on Saturday morning to be paid off.

**BOARD OF SCHOOL COMMISSIONERS.**—An adjourned meeting of School Commissioners was held last evening at the City Building. The special order of the day was the election of a Superintendent of Public Schools for the district of Wheeling. Mr. F. E. Williams and Mr. S. G. Stevens were put in nomination. The following resolution was adopted:

Resolved, That the person elected to the office of Superintendent of the city district shall give his whole time and attention to the duties of said office and shall not be engaged in any other calling and occupation.

The ballot was then taken with the following result: Williams seven, Stevens six. Mr. Williams was declared elected. The Board then proceeded to the election of two persons to act in connection with the Superintendent as a board of examiners and give certificates to teachers.

Dr. E. A. Hildreth and Mr. H. W. Harding were elected. On motion of Mr. Sweeney, the compensation of the two examiners was fixed at twenty dollars per annum.

The following proposals for building a School house on the Island, were opened and submitted to the Board:

Wm. Exley's bid for erecting the building, all complete, according to plan and specification, was \$6,951; B. B. Griffith do, \$6,865; Brodie and Hornish do, \$4,453.44; David Brodie \$6,950—John B. Coulter proposed to do the carpenter work for \$2,995; Brodie and Hornish do, for \$2,475.74. Thomas Turton proposed to paint for \$600. Henry Gunter proposed for stone work and excavating \$800.

On motion the Building Committee were authorized to contract with Brodie & Hornish on such terms as to payment and other particulars as the committee might deem advisable.

On motion of Mr. Pratt, the committee on Finance were instructed to report the amount of funds at the disposal of the Board, also the probable amount that would be at their disposal during the year.

**MARKET.**—There was a good attendance of buyers and sellers at the second Ward market yesterday morning. There is a great improvement in the supply of necessities, but prices with a few exceptions remain about the same, meats sold at the old figures. Eggs and vegetables have slightly declined and it is to be hoped that other articles will soon follow. There is no denying that almost every article of family marketing is selling above its value. It seems to require a long time to bring produce down from the late war prices, to what might be considered a just standard, under the changed condition of things now existing. People must buy sparingly, if they would secure a reduction of prices, for so long as ready sales can be made, prices will be maintained by those who have control of the markets. The following was the prevailing rates on yesterday morning:

BEEF STEAK—20c. per lb.  
ROAST AND STRAK—15c. per lb.  
BOILING PIECES—10c. per lb.  
VEAL—Hind quarter, 15 to 20c. per lb.  
SAUSAGE—12c. per lb.  
LARD—12 to 18c. per lb.  
LAMB—15 to 20c. per lb.  
CHICKENS—50c. per pair.  
BUTTER—25c. per lb.  
EGGS—15c. per dozen.  
CORN—25c. per bushel.  
SWEET POTATOES—25c. per quart.  
APPLE BUTTER—25c. per quart.  
POTATOES—30c. per peck.  
TOMATOES—50c. per peck.  
ONIONS—50c. per peck.  
BEETS—3 bunches for 10c.  
CABBAGE—5 to 10c. per head.  
CUCUMBERS—20c. per dozen.  
CORN—25c. per dozen.  
PEARS—\$1 per peck.  
PLUMS—\$1 per peck.  
PEACHES—\$4 per bushel.  
BLACKBERRIES—\$1 per bucket; 15c. per quart.

**RIVER.**—The Eagle brought up a fine trip yesterday. But little business was done at the landing. The *Kenton* from pig metal, a portion of which was discharged here. She departed for Pittsburgh with the remainder. The *Hard Times* from Pittsburgh for Cincinnati arrived, and departed. River falling, with seven feet six inches in the channel.

**REMEMBERING THE PRINTER.**—We were the recipients last evening of a nice lot of most delicious peaches, the first we have seen the present season. They were left at our office by Mr. G. Kidd, of the Baltimore and Ohio Railroad, for which we return him our thanks.

We are also indebted to Mr. K. for Baltimore papers of yesterday.

**WHEELING** is famous for her manufactures of Iron, Glass and the *Excelsior Baking Powder*. The last is now a great family institution! We are sending it north, south, east and west! It makes light bread and light hearts wherever it goes.

**A CARD.**—CHRONIC DISEASE.—By the term, chronic disease, is generally understood one that has lasted for some weeks, and is not attended, generally, with any violent symptoms. These cases exhibit but little tendency to recover without aid, and many of them are not amenable to the common modes of medical treatment. All chronic diseases, when treated in season, can always be cured by proper means, but it is by every patient, that in the treatment of chronic diseases, perseverance is absolutely necessary. The fact that acute maladies when their course rapidly runs to a successful issue, checked lest they prove fatal, has led physicians and patients, alike, to believe that chronic affections, and more injury has been done by the use of medicine, than by the neglect of it. It is a common error, to suppose that chronic diseases, when properly treated, will not be cured, and that the system will not be restored to its normal condition, until the disease has been completely eradicated. It is a fact, however, that in many cases, the system, when properly treated, will be restored to its normal condition, and the disease will be completely eradicated. It is a fact, however, that in many cases, the system, when properly treated, will be restored to its normal condition, and the disease will be completely eradicated.

**WHERE IS HE?**—There is said to be a man in town who wishes to purchase a soldier's discharge papers, and that he pays liberally for them. A great many soldiers have been enquiring around for his office, but as yet have not succeeded in finding it. If the gentleman will advertise his whereabouts he can be accommodated with all the discharges he may want. We are inclined to believe he has left for other parts.

**COMING.**—The Seventh West Virginia cavalry, which has been stationed for some time past in the Kanawha Valley, is expected to arrive here on Saturday morning to be paid off.

**FOR SALE.**—THE UNDERSIGNED OFFERS FOR SALE one lot and a half, in the square below Mr. Smith's, in the block bounded by Market Street, Water Street, and the Ohio River. The lot contains two runs of burn and one-half acre of ground, with a small building, and is well adapted for a residence or for a business. The price is \$1,000.00. Apply to JOHN WHERRY, Moundsville, W. Va.

**Valuable Residence for Sale.**—ON THE 22D DAY OF AUGUST, 1885, I will offer for sale, at the Court House in this city, the valuable residence of the late John C. Eor, on the south east corner of Market Street and Mill Alley, Centre of Wheeling. The house is a two-story brick building, with a full basement, and is well adapted for a residence or for a business. The price is \$1,000.00. Apply to JOHN WHERRY, Moundsville, W. Va.

**RECEIVER'S SALE.**—CONTAINED IN THE

**Valuable Machinery.**—OLD DOMINION PARK HOUSE AND DISTILLERY, in East Wheeling. The machinery consists of a large steam engine, a large boiler, a large pump, and a large mill. The machinery is well adapted for a residence or for a business. The price is \$1,000.00. Apply to JOHN WHERRY, Moundsville, W. Va.
